AVID Technical Resources Recognized As One of the Region's Fastest Growing Companies for the...

04.26.10, 11:11 AM ET

BOSTON, April 26 /PRNewswire/ -- The Boston Business Journal has named AVID Technical Resources as one of the region's fastest-growing private companies in its forth-annual Pacesetters awards. The honor recognizes the IT recruiting company's significant growth in revenue and over the past three years compared to other privately held companies in the area.

AVID Technical Resources made the Pacesetters list based on information gathered and assessed by the Boston Business Journal that detailed the company's performance from 2006 to 2009. This is the 3rd consecutive year that AVID Technical Resources has made the list; making them one of the few companies in the state of Massachusetts ever to receive such an honor.

AVID Technical Resources (www.avidtr.com) is one of the nation's leading contract and permanent IT recruiting firm. Headquartered in Boston, MA, over the years the company has made thousands of local and national placements for clients ranging from small businesses to Fortune 500 companies.

"We're honored to be recognized as a Pacesetter and extremely proud of all of our employees who helped make this happen," said Principal Owner, Brian Tomasello. "The fact that our company grew, in what will go down as one of the worst economies in our nation's history, speaks volumes as to where our company is headed."

"Pacesetters was created because it's important to raise the profiles of rapidly growing companies," said Boston Business Journal Publisher Michael Olivieri. "This will help give guidance to the business community as a whole as to what makes a company successful and who they should be seeking out as potential partners."

The Pacesetters list was determined by survey information gathered and analyzed by the Boston Business Journal from private companies throughout the Greater Boston region. Based on the information provided, 60 companies were selected on their revenue growth between 2006 and 2009, which had to exceed at least \$1 million as of 2006.
