AVID Technical Resources Posts 11th Consecutive Year of Growth

Company Posts Year over Year Growth for Over a Decade

BOSTON, MA, February 11, 2015 /24-7PressRelease/ -- AVID Technical Resources has once again posted growth this year. This will mark the eleventh consecutive year of growth for the company.

AVID Technical Resources (www.avidtr.com) is a leading contract and permanent IT recruiting company. Headquartered in Boston, Massachusetts, AVID specializes in placing contractors with an applications development or infrastructure support background. AVID works with a wide client base ranging from small businesses to Fortune 500 companies that stretch across numerous vertical markets (including finance, government, technology, healthcare and higher education).

Company President, Brian Tomasello, attributes AVID Technical Resources' continued growth to his company's culture and aggressive expansion plans. "We have a unique work hard, play hard culture. We put concrete goals in place, work hard to reach them, then celebrate when we do. This helps foster a competitive, yet fun environment that has ultimately helped fuel eleven straight years of growth. Coupled with a number of aggressive, yet calculated expansion initiatives, I'm confident we're going to continue to grow again for a twelfth straight year."

Due to the continued growth over the years, the awards continue to pile up for the company. Inc. Magazine has named the company to their exclusive 500/500 list three times. This prestigious list ranks the nation's fastest growing private companies. Forbes Magazine has named the company one of the top IT recruiting firms in the northeast and the Boston Business Journal has named AVID one of their fastest growing privately-held companies.

In the twelve years since its inception, AVID Technical Resources has expanded its reach from local to national, with offices in Rhode Island, New York, Los Angeles, San Francisco, and San Diego, CA. The company plans to expand into additional markets in 2015.
