

AVID Technical Resources Launches Healthcare IT Division

Last update: 12:12 p.m. EDT July 30, 2008

BOSTON, July 30, 2008 /PRNewswire via COMTEX/ -- Boston-based AVID Technical Resources announced today that they have launched a new division called "AVID Healthcare IT" which will specifically focus on information technology needs in the healthcare industry.

AVID Healthcare IT will deliver candidates that specialize in application support, integration, installation, upgrades, and project management which will enable healthcare institutions and healthcare vendors to maximize the potential of their information systems.

This division will operate under the AVID Technical Resources umbrella. "AVID will continue to specialize in IT contract and permanent staffing. However, this division will target information technology needs specifically in the healthcare vertical," says Principal Owner, Brian Tomasello. "AVID Healthcare IT will provide our clients with subject matter experts who have the experience identifying specialized experts in their industry."

Since its inception in 2003, AVID Technical Resources has grown to be among the leading technical recruiting companies in Massachusetts. Specializing in placing contract and permanent personnel in both Infrastructure Support and Applications Development positions, the Boston Business Journal recently ranked AVID Technical Resources as the 7th Fastest Growing Private Company in the state and the 10th Largest Temporary Placement Firms in the area.
