AVID Technical Resources Posts Revenue Growth for 7th Consecutive Year *Company grows 18% in 2010 amidst the recession*

BOSTON, Jan. 7, 2011 /PRNewswire/ -- AVID Technical Resources announced yesterday that the company has posted their 7th consecutive year of revenue growth. AVID increased revenue by 18% in 2010 and forecasts an additional 30% growth in 2011.

Due to the aggressive and consistent growth, AVID Technical Resources has repeatedly been named one of the fastest growing private companies in the nation. Inc. Magazine included the company in their exclusive Inc. 500/5000 list in late 2010, while Forbes Magazine, the Staffing Industry Analysis, and the Boston Business Journal have all named AVID Technical Resources one of the nation's fastest growing private companies.

"We're extremely proud to have seven consecutive years of revenue growth," said Principal Owner, Brian Tomasello. "However, as rewarding as that is, I think it's our growth over the past two years – during one of the toughest economies in our nation's history, that says the most about us as a company and where we're headed."

AVID Technical Resources (www.avidtr.com) is a contract and permanent IT recruiting company. Headquartered in Boston, AVID specializes in placing information technology professionals with either an [Infrastructure Support](#) or [Applications Development](#) background.

Since the company's inception in 2003, AVID has grown to be among the leading IT recruiting firms in the country. Due to this explosive growth, the company has received a number of [awards](#) and national recognition.

AVID recently announced the opening of two additional offices in Providence, RI and Phoenix, AZ.
